

Frequently Asked Questions - SCF Awards

Is the submission made by the provider in the name of one of our clients?

The submission is always in the name of the corporate client, but providers (or any third party, for that matter) can make a submission with permission from the corporate.

Can an SCF technology provider submit under the 'Technology and Telecom' category?

Unfortunately, no. As the aim of the SCF Awards is to give space to users of SCF solutions, technology (and financial) providers that are commercially involved in SCF can only submit on behalf of their corporate customers. However, providers can submit applications for our Innovation Special Award.

Can I submit a nomination in more than one category?

You can submit as many nominations as you wish, in any of the given categories. Each corporate is a separate submission.

Can I resubmit a nomination?

Yes, you may. You cannot make changes in the **nomination form** for the nomination you have already submitted, **but you can Resubmit the nomination** again with changes, by sending in the nomination again (fill in the form again). Please make a note in the form that it's a resubmission.

The **deadline for the nominations has been extended to Friday, 15th September.**

Please submit/resubmit your nominations before this date. In case of a resubmission please state this in the comments section of the form.

What happens after submission?

All nominations that respect the Awards criteria are invited for a recorded video interview led by a member of the SCF Community. Interviews always include the corporate nominated and are open to technology and financial providers involved in the case. Interviews will be shared during the Awards Week.

Is it mandatory for the corporate/vendor to be present at the video interview?

Yes, it is mandatory for the corporate to be present at the interview.

When will we be invited for the interview?

Once you have been selected as a nominee and have been notified as such you will be sent potential time slots for the interview, and you will need to let us know what time suits you best. You will also receive the possible pre-selected questions surrounding the case.

Will the interview process be between the SCF Community, provider, and customer?

Yes, the interview includes both corporate and any providers involved and is carried out by someone from our side. The interview will focus on the case that has been submitted.

Will the interview be online and pre-recorded?

Yes, the interview is online, pre-recorded and edited to make it as to the point as possible. The interview will be conducted over Teams. Prior to the Teams interview, we will send the questions to the attendants/representatives to prepare.

The interview should not last longer than 15 mins and will be edited down to 3-5 mins.

Do we have a final say before the interview goes online?

After the interview and editing process, the company, provider, and any party associated with the interview will be sent the video. All final videos are shared with all parties involved in advance, to accommodate for corrections.

The company may only provide comments for the SCF Community to adjust concerning inaccuracies, risk of privacy, or competition liabilities.

With what data will the judges award the best nomination?

Judges access the submission form. You can just click on 'Nominate my company' ([here](#)) and see for yourself what information is required and will be visible in the judging process. Additional documents can be uploaded if necessary.

If our nomination wins, does that mean the award will be in the customer's name, or will be the customer's name, plus our solution?

With 'the award' do you mean the physical trophy? That usually reports the corporate only. The award report, published on our website, LinkedIn account and other social media (like [this one](#)) mentions both the corporate and the providers' names. There will also be several write ups about the winners and winning cases.

Will there be an awards ceremony?

There will be an awards ceremony livestream broadcast on the 4th of December. During the live online ceremony, we will announce the winners of each category and the special awards.

Whom should I contact if I have additional questions?

You can send an email to rea@scfcommunity.org. We will get right back to you.
